

Street Sweeping 2015 Important Information

Town of Stoneham Public Works Department
16 Pine Street
Stoneham, MA 02180

P: 1-781-438-0760
F: 1-781-438-8183

Street sweeping is an essential activity that occurs every spring in Town. What the Department of Public Works puts down for snow and ice control in the winter, the Department of Public Works has to pick up in the spring. During the past winter more than 2,500 tons of material was used to treat the roads.

Not only does it keep the streets looking cleaner but reduces the risk of flooding by removing material before it enters the drainage system. Sweeping operations are ideally required prior to performing the Town's water flushing program and yearly maintenance contracts including but not limited to Pavement Markings and Catch Basin Cleaning .

Residents are encouraged to aid the Department by:

1. Sweeping sand from sidewalks and grass strips into the street 1 foot from edge of road.
 - a. Please don't sweep the sand into a pile since that makes it more difficult for the sweepers to pick up the material. Instead, sweep it into a row along the curb.
 - b. Sweepers cannot pick up brush, branches or yard waste. Please bring these items to the Stevens Street Recycling Center. Recycling stickers are available at the Public Works Office - 16 Pine Street. No charge for the first sticker. License and registration required.
2. Parking vehicles in driveways that will interfere with sweeping.
 - a. Check Townwebsite to confirm if the street sweeper is in your quadrant.

Sweeping is scheduled to begin the week of April 6, 2015 weather permitting.

1. Each quadrant takes approximately 2 weeks to sweep. Chapter 90 roads are completed first.
 - a. Major "Chapter 90" Roads - April 6 through April 10
 - b. Southeast Quadrant - April 13 through April 27
 - c. Southwest Quadrant - April 28 through May 11
 - d. Northwest Quadrant - May 11 through May 26
 - e. Northeast Quadrant - May 27 through June 9
2. Factors such as rain and emergencies extend the completion date of each quadrant. Check Website for updates.

Please find your street listed on the attached table to learn what quadrant and order your street will be swept.

If you have any questions regarding the sweeping program please contact the Department of Public Works.
